

FAASTeam presents:

Live Discussion with KCNO ATC

Users of Chino airport will have an opportunity to discuss with themselves and with the CNO controllers, various issues regarding the operations at Chino airport. These discussions can include a wide range of issues and topics including, but, not limited to: fixed wing and helicopter patterns and operations, perceived safety issues, and, runway incursions.

Suggestions and ideas from the users of the airport are welcome and encouraged in resolving operational and safety concerns, and, identifying potential future issues. All suggestions for improvement in ground and flight safety will be considered.

Directions: From the 60 Fwy- go south on Euclid. From the 71 Hwy- go north on Euclid. Driving north or south on Euclid Ave (83), turn east on Merrill Ave. Turn south (right) at the first intersection (Stearman Ave.). Actually, that's the only direction you can turn. Continue to YANKS' gate on your left. Park, enter the main doors, find the meeting, grab a cup of coffee and some cookies (if sufficient attendees preregister), have a seat, and ... um... don't forget to sign in. Thanks, ~a.j.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
